

THE LORD MAYOR OF SYDNEY
CLOVER MOORE

Message from the Lord Mayor

Since 1901, the Australian National Flag has been a powerful symbol of a democratic nation united in our values of freedom, inclusion and respect.

As it turns 117, the National Flag continues to bring Australians together, whatever their background, reminding them of their common goals, aspirations and values, in times of celebration and difficulty. The National Flag has been a rallying and uniting force for Australians at war, and during peacetime as a way of commemorating and celebrating our achievements.

On September 3, as on other days, the National Flag will be flown with pride across our City and I hope that you will join me in flying it too.

Yours sincerely

Clover Moore
Lord Mayor of Sydney
